1. Introduction to Bank

Bank Alfalah Limited (the "Head Office") is a Pakistan registered bank with its principal office in Karachi, Pakistan. It commenced its operations in the United Arab Emirates (UAE) in 2017 as a wholesale bank and currently has one branch (the "Bank") in Dubai. The address of the registered office of the Bank is P.O. Box 8456, Dubai.

2. Introduction to Bank's Capital Adequacy Framework

Central Bank of UAE published final Capital Adequacy Standards and Guidance along with Notice 4980/2020 on 12th November 2020. This included revised Standards and Guidance with respect to Pillar 3 – Market Disclosures. Further to this, the Central Bank of UAE provided explanatory notes and disclosure templates for Pillar 3 on 30th November 2021 as part of Notice 5508/2021 and on 9th May 2022 as per the notice CBUAE/BSD/N/2022/1887.

This document presents the Pillar 3 disclosures of Alfalah Bank Limited – UAE Branch ("the Bank") as at 30th September, 2026. The purpose of Pillar 3 disclosures is to allow market participants to assess key pieces of information on the Bank's capital, risk exposures and risk assessment process.

2.1 Regulatory Framework

The framework is structured around the following three Pillars:

1. Pillar 1 on minimum capital requirements for credit, market and operational risk
2. Pillar 2 on the supervisory review process and the Internal Capital Adequacy Assessment Process (ICAAP)
3. Pillar 3 on market discipline

On top of this minimum capital requirement CBUAE has also mandated the Banks to keep additional buffers.

- In addition to the minimum CET1 capital of 7.0% of RWA, banks must maintain a capital conservation buffer (CCB) of 2.5% of RWAs in the form of CET1 capital
- To achieve the broader macro-prudential goal of protecting the banking sector from periods of excess aggregate credit growth and in addition to the CCB requirements, banks may be required to implement the countercyclical buffer (CCyB). Banks must meet the CCyB requirements by using CET1 capital. The level of the CCyB requirements will vary between 0% - 2.5% of RWA and be communicated by the Central Bank with an adequate notice period.

These requirements are summarized in the table below:

Minimum Common Equity Tier 1 Ratio	7.0%
Minimum Tier 1 Capital Ratio	8.5%
Minimum Capital Adequacy Ratio	10.5%
Capital Conservation Buffer	2.5%
Domestic Systemically Important Banks Buffer	0.0%
Countercyclical buffer (0% - 2.5%)	0.002%

The capital ratios for Bank Alfalah Limited - UAE Branch as of 30th September, 2026 are given below. All of these are well above the CBUAE minimum.

Common Equity Tier 1 Ratio	24.8%
Capital Adequacy Ratio	25.2%
